

Paterno Liberal Arts Undergraduate Fellows in English

Admission to the program:

Any interested students must have a GPA of at least 3.4. In addition, they must have completed at least two English courses with grades of A- or higher. At least one of those courses should be one of three required 200-level courses: English 200, 201, 221.

Requirements:

In addition to the Liberal Arts requirements for Fellows, Fellows will complete an Honors degree in English: at least 14 Honors credits over the last two years, including three 300-level Honors English seminars and writing an Honors thesis. They must maintain an overall GPA of 3.4 and a 3.65 in English.

Note on ways of being admitted to the English Honors Program:

With the advent of the Fellows program, there will be three avenues into the English Honors Program: students already admitted to the Schreyer Honors College may be invited in as freshmen, students may apply to the Fellows program (and thus be admitted to Schreyer) upon meeting the requirements listed above, and students (without being Fellows) may be invited in at the sophomore/junior gate.
